a special opening. It deserves a full column on one of our blanket-sheet newspapers. Proix people would dedicare a volume to it. But it seems to us that it is sufficient to inform the public in a few words (for advertising costs), that we are opening, of our own importation, 299½ different shades of Trimmings and millinery Velveis, and every single shade is the leading color in Paris to day (you can convince yourself by telegraphing there), and that hair shade will probably bloom into a full shade before another week. These colors are all confidential and this sale will continue until the goods are all sold.

Question.—What is the amount of the loan, and how is it divided?

Answer.—The amount of the whole loan, as authorized by the Legislature, is twenty millions of dollars, and is divided into 10,000 series, of 100 premium by the Legislature is twenty millions of dollars, and is divided into 10,000 series, of 100 premium by the Legislature is twenty millions of dollars, and is divided into 10,000 series, of 100 premium by the Legislature is the legislature in the premium by the Legislature in the bond is redeemed. A \$30 bond, if redeemed the first year, has \$1 added as interest; and the bond-holder receives \$21; if redeemed in the years, he will receive at least \$22, which amount great has amount the can possibly realize will be \$40, or double the capital invested.

Question.—This is a small rate of interest; what other inducements do you offer?

Answer.—Each bond participates in a quarterly drawing of premiums, which range at the present the premiums at \$0,000 for the premium at \$0,

Answer.—Certainly; their value is not depreciated, and the majority of our agents buy the bonds back again at a very small discount.

Question.—Can you tell me in which drawing my bond will be redeemed?

Answer.—No one can tell; but you narticipate in each series drawing until the series containing your bond is drawn, and the bond redeemed.
